FAQs

Do you need a visa?

It should not be a problem as the length of the course takes around 3 months. However, for Non-EU citizens we do strongly recommend to contact the Spanish Embassy and start as soon as possible the paperwork! It may take time depending on each country. Controlmad will provide all necessary documents needed to get the visa (letter of invitation, payment invoice...). Controlmad is not responsible of any delay and costs regarding visa issues or visa rejections that might affect enrollment deadlines and the participation in the course.

It also does not alter the cancellation policies and terms (see next page)

We had students from 38 countries: Argentina, Australia, Bahamas, Bolivia, Brazil, Canada, Chile, China, Colombia, Costa Rica, Ecuador, France, Germany, Guatemala, Hungary, Iran, Italy, Kuwait, Latvia, Mexico, Moldavia, Morocco, Portugal, Panama, Peru, Nigeria, Phillipines, Puerto Rico, India, Russia, Singapur, Syria, Saudi Arabia, Spain, Switzerland, Tunisia, Turkey, UK, U.S.A., Venezuela...

Problems with travel restrictions

In case of Force Majeur situations (i.e. it is not allowed to leave your country or go to Spain, like Covid-19 situation), it has to be proven with an official website, document or paper that justifies the reason.

*Important note: if the student cannot travel because of justified personal reasons, official restrictions or Force Majeur situations, they can follow the lectures and exercises online and check the part II fabrication with a feedback of the results, including assembling. Besides, the objects might be manufactured with that files at your nearest FabLab (not part of the course fee)

Looking for accomodation?

Upon registration, we will provide information regarding accomodation, best areas to stay... You can join into a private group of former students that might share information about it. Also, we have an agreement with a local company specialized in helping you to find a place to stay.

Can I enrol in PART I Online first, and enroll in PART II later on?

For sure if it is remotely; onsite training if there are spots available. You would need to pay the difference of the PART I fee and the full registration fee currently shown at the web page.

Can I enrol just in PART I onsite or transfer to onsite training for Part II?

Yes, if there are spots available. Onsite training is limited for full course registrations, so please contact us in that case.

Can I participate in PART II onsite for next edition?

We do recommend to make the full course together in order to finish your training.

PART II, as written above, is possible to do it online too. Usually, onsite training is full and limited spots are available.

For special situations, Force Majeure and/or justifiable causes, you may also submit a request, up to 30 days before the start date, if another course and spots are available in next edition (students enroled for that edition will have priority) and/or your spot is covered by any student of our waiting list. If not, Controlmad will apply the return and charges policies described in the next page.

CANCELLATION POLICY and TERMS

__ Bank expenses due to national / international bank transfers are different depending on the country and will be assumed by the student.

__ For spot reservation through online payment additional charge might apply, which is not part of the enrollment fee.

__ To maintain a rigorous registration order and due to bank transfers may take several days to be validated, it is important to confirm the registration by sending an email with scanned copy or pdf of the bank statement to info@controlmad.com.

__ Controlmad will confirm your enrollment by email as soon as we receive your email with proof of payment, full name and ID or Passport number. If you do not receive this confirmation, please e-mail us again or call +34915393366

__ In order to guarantee a spot in the course, it is possible to pay the total amount or to make a first deposit of 800 euros and pay the rest of the fee in a maximum period of 30 days. In any case, the total registration fee must be paid before the course starts. Otherwise, Controlmad might cancel your registration or do not get benefit of the special discount price at the moment of making the first deposit, applying the current registration fee. In case of delayed payments, Controlmad might also charge an additional 5% of the pending amount per each week delay.

__ If you need to split the payment, please contact us for specific details.

The last day for the return of the total enrollment fee in case of not attendance to the course, will be September 10th, 2026.

*Once you register, it is applied a non-refundable fee of 395 euro.

*If you withdraw from the course up to 30 days before the start date, Controlmad will charge 50% of tuition amount. Any requests submitted 30 days or less before the start date will not be processed and Controlmad will charge the full tuition amount.

*If the course does not reach a minimum number of students, only the course fee will be refunded, excluding the Stripe commission or any bank transfer fees.

__ If there are not enough minimum of students for the onsite course, Controlmad can decide to make the course full online, asking the participants involved for this possibility and returning the proportional refund.

__ In case you have paid the full registration and PART II does not reach the minimum number of students, Controlmad can postpone or cancel that part, making a proportional refund.

__ For special situations, Force Majeure and/or justifiable causes, you may also submit a reschedule request to Controlmad, up to 30 days before the start date, if another course and spots are available (students enrolled for that edition will have priority) and/or your spot is covered by any student of our waiting list. If not, Controlmad will apply the return and charges policies described above.

__ In case the participant needs to apply for grants or subsidies for the course (like FUNDAE) as well as provide session records, an additional administrative fee of 150 euros will be applied.

__ Controlmad reserves the right to cancel the course if the number of students does not reach the minimum. Controlmad will notify it by email offering new dates or returning the full tuition amount.

__ Controlmad reserves the right to cancel or postpone the course due to special situations, Force Majeure and/or justifiable causes. In this case, your enrolment will be guaranteed for next edition.

__ If the course happens onsite, the instructors will be at Controlmad. In case this is not possible due to important reasons or circumstances, the sessions might happen remotely or Controlmad will try to find an equivalent experienced teacher in the field.

ONLINE-ACCESS

You will need a good and reliable internet connection.

When you access the course, you can use the contents available. When you use the panel discussions, you are the responsible of all your contents, comments, links or files you upload.

SHARING LOGINGS. The access of the contents is individual. Sharing logins is totally forbidden.

Online sessions are live. However, sessions will be recorded for personal use and available until the first day of next week without any exception.

If Controlmad detects any suspicious activity, we can monitor the IP addresses and logins of the student. In that case we can cancel your registration without any kind of refund. Controlmad reserves the right to take legal actions too.

SCHOLARSHIP

Controlmad offers a scholarship for the full onsite course. This scholarship will have a discount of 1000 eur of the enrolment fee.

Any student can apply for this scholarship. Controlmad will send you an application form with instructions for the candidates and detailed information.

This application has to be submitted before the deadline available at the website. Before the course starts, Controlmad will communicate the awarded student based on a previous interview, letter of motivation and CV.

The main task of the selected student will be to manage the group and act as a representative of the students. Besides, in VPart I the selected candidate has to manage the online sessions, recordings and access to the classroom.

ARBITRATION

In case any disagreement arises, a good working relationship and good faith will help solve most issues friendly and out of court. In the unlikely event that this was not possible, the parties agree that applicable Law will be the one of Madrid, Spain.

The students are responsible for a good balance on their family, work life and the schedule of the course.

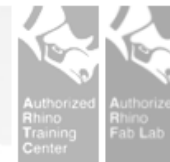

By registering in the course, you accept and understand Controlmad policies and terms.

Thank you for your cooperation in complying with these Controlmad policies and terms.

For any doubts do not hesitate to contact us calling to +34 915393366 (business hours 9am – 6pm) or via email to info@controlmad.com
